**RESPONSE AND AMENDMENT**

SIR:

In response to the Office Action mailed October 4, 2002 in the above-identified application, the Applicants submit the following amendments and remarks.

Please amend the application as follows:

**In the claims:**

27. (Twice amended) A method of transmitting data across a network comprising:

- BI
- (a) transmitting data to a receiver;
  - (b) receiving, from the receiver, a suggestion to alter future transmitted data on the basis of a quality of data transmitted in (a);
  - (c) selecting, based on the received suggestion, an action to alter the future transmitted data; and
  - (d) altering the future transmitted data.

BI  
46. (Twice amended) An apparatus for transmitting data from a sender to a receiver across a network comprising:
